

INTRODUCING  
4' Sills &  
Coping units

Our competitors  
just don't **measure up!**

# PRAIRIEstone

Stocked in Limestone,  
Buff and Alabaster!

### Customize these shapes!

You can specify the angle of the chamfer, the width of unit, with or without drips – all made special for minimal cost. These units are machine made, similar to all other PRAIRIE stone units. Sills & Coping units can be cut to an architect's specification.
